

Clearly the Right Choice

2009/2010 Tax Credits
The American Recovery and Reinvestment Act of 2009

MGM industries, Inc. certifies that the following products, as indicated, qualify for the federal tax credits for energy efficient building products as prescribed in the American Recovery and Reinvestment Act of 2009.

Performance requirements as follows: U Factor: <=0.30 SHGC: <=0.30.

- 1. Series 4600 Double Hung with low-emissive (270 LoE) glass product on the #2 surface and argon enhanced
2. Series 4600 Horizontal Slider with Low-emissive (270 LoE) glass product on the #2 surface and argon enhanced.
3. Series 4600 Picture Window with Low-emissive (270 LoE) glass product on the #2 surface and argon enhanced.

More information about our products may be downloaded from our web site, www.MGMIndustries.com. More detailed information about the tax credit is also available at www.EnergyStar.gov./

This certificate should be retained with your tax records, but is not required to be submitted with our tax returns. Remember, all EnergyStar qualified products do not necessarily qualify. The products listed on this statement qualify per the prescribed standards set forth by the stimulus act.

Under penalties of perjury, I declare that I have examined the Certification Statement and, to the best of my knowledge and belief, the facts are true and correct and complete.
